Item number
9100424
Manufacturer
SOLAMAGIC

Product description

SOLAMAGIC ECO+ infrared heater, 2kW, nano-anthracite

SOLAMAGIC ECO+ infrared heaters are characterized by a simple installation and a highly efficient reflector (ECO+). The casing is made of high quality aluminium. The device is equipped with a HeLeN gold tube which, in addition to high efficiency, achieves a very long service life (min. 5000 operating hours). In outdoor areas especially, shortwave infrared heaters allow for a highly flexible application and a continually pleasant heating zone. Due to its wavelength, the heat penetrates air particularly efficiently and guarantees high operating cost savings compared to gas and quartz radiators. Colours: white, titanium, nano-anthracite, special colours on request, practical mounting accessories, high efficiency, no heating phase, can be dimmed via external control, power: 1400 or 2000 W, dimensions: 483x144x152 or 483x176x230 mm, plug cable 1.8 m, protection rating: IP 24, quality marking: CE.

Technical Details

Model	Ceiling-/wall emitter	**Voltage**	230|230 Volt
Mounting method	Surface mounting	**Number of heating levels**	1
Power step OFF	No	**Min. heating power**	2000 Watt
Mounting over cradle	No	**Max. heating power**	2000 Watt
Degree of protection (IP)	IP24	**Min. mounting height**	1.8 Metre
Colour	Grey	**Max. mounting height**	2.5 Metre
Compatible with Apple HomeKit	No	**Height**	230 Millimetre
Compatible with Google Assistant	No	**Width**	483 Millimetre
Compatible with Amazon Alexa	No	**Depth**	176 Millimetre
IFTTT support available	No	**RAL-number**	0
