technical information

Dimensions:	NKFMT1:	19.00"W x 1.77"H x 11.16"D (482.60mm x 44.9mm x 283.4mm), 1 RU
-------------	---------	---

key features and benefits

Side and rear cable entry	Provides installer with several options to route cable within the rack
Removable rear tray cover	Provides easy access to splices and cable storage
Patch panel mounting	Hardware provided to allow patch panel to be preassembled to unit before mounting to rack
Modular design	Versatility to accept 4 NetKey® faceplates, all metal modular patch panel or fiber adapter patch panels
Modular design	Mounts flush on 19" or 23" racks; also mounts 2.0" recessed on 19" racks or cabinets
Removable patch panel	Allows for rear access from front of unit

applications

Panduit® NetKey® Trays are designed to manage and organize fiber distribution in areas where space is limited. They can also be used to manage cable from outside the facility.

Enclosures can be used as an interconnect or cross-connect in any telecommunications room. NetKey® Trays are completely modular and can manage both fiber and copper cables.

NetKey® Trays

Up to 48 fibers:	NKFMT1
