Mounting accessories WINSTA® MINI 4-pole

The mounting accessories from the WINSTA® MINI product line guarantees you the greatest possible flexibility in electrical installation. An extensive range of accessories rounds out the WINSTA® product line from WAGO. Where space is tight, our smallest pluggable connection system, WINSTA® MINI, consistently displays its advantages. It saves space, and, with Push-in CAGE CLAMP® spring pressure connection technology, it also saves time, since the installation is low-maintenance and can be performed without screw connections.

Push-in CAGE CLAMP® spring pressure connection technology – pluggable installation instead of laborious screw connections!

The WINSTA® Pluggable Connection System is ideally tailored to the very strict requirements of building installation. It makes electrical installation pluggable, and thus more efficient, even more reliable, and error-free. Use of this pre-assembled system decreases time spent on assembly and installation errors at the construction site. Now you can also cut installation expenses without compromising quality and safety: The WINSTA® MINI accessory reduces the need for servicing and prevents unnecessary downtime.

- consistent IP40 protection
- fast, secure installation
