

UFH-PGKTA: Pump unit with consistent temperature control

Commercial information

Certificates

Applications

Heating, Cooling, Underfloor Heating

Solutions

Underfloor heating, Building installations, Industry, Utility

Technical characteristics

Room temperature control	✓	Max. operating pressure	6 Bar
Water temperature control	✓	Operating temperature	0 80 Degrees celsius
With de-aeration	✗		
Material covering plate	Plastic		
Covering plate colour	Other		
Control element colour	Other
