

- Compact Bluetooth® presence detector for use in OPple Smart Lighting System
- Large detection area of Ø 10m
- Recommended mounting height 2-3,5m
- Suitable for the OPple Smart Daylight regulation
- Very easy to set up with the OPple Smart Lighting App, or Smart Connect Box through the web user interface
- Including temperature- and humidity sensors
- Complete wireless communication via Bluetooth® Low Energy (BLE)

Specifications

Item Code	Item Description	Sensor range
140063563	LEDsmartlight-Rc-Sensor	10m

Accessories

560098000600
LEDsmart-Sensor Surface-Module-WH

Technical Specifications	
IP-class	IP20
IK-class	IK02
Finishing	White RAL9003
Communication	Oppl Bluetooth® Low Energy Mesh
Protection Class	II
Detection diameter (when installed at 2-3.5m height)	Max Ø 10m Max Ø 5m when sitting
Detection angle	360°
Detection technology	Passive Infrared (PIR)
Switch-off delay time	1min-60min
Daylight balance	Yes
Temperature sensor	Yes
Humidity sensor	Yes

Electrical Supply	
Power consumption	1.2W
Nominal voltage	220-240 V AC
Frequency	50/60 Hz

Mechanical Properties	
Material housing	PC

Ambient conditions	
Operating Temperature	-25~+30°C

Dimensional drawing (mm)

560098000600 - LEDSmart-Sensor Surface-Module-WH

560098000600 - LEDSmart-Sensor Surface-Module-WH

Installation opening drawing (mm)

LEDSmartlight-Rc-Sensor

Detection range (for micro-movements)

Installation - Low Ceiling
Suggested installation height 2-3m
