

Product name

eTOUCH-wifi

Item number

44722

Manufacturer

ETHERMA

Product description

Technische Details

Model	On/Off	Measuring range minimum value	5 Degrees celsius
Type of power supply	230 V AC	Measuring range maximum value	40 Degrees celsius
Connection	Two-wire	Number of heater outputs	1
With receiver	Yes	Differential value	5/5 Kelvin
External sensor	Yes	Max. contact voltage	230 Volt
Thermal feedback	Parallel	Max. contact load	16 Ampere
Control characteristic	Other	Height	75 Millimetre
Suitable for heating	Yes	Width	75 Millimetre
Cooling	No	Depth	15 Millimetre
Adjustable differential	Yes	Standby power consumption (solstandby)	1 Watt
Temperature readable	Yes		
With sound indicator	No		
Sensor/feeler type	Resistance sensor		
Mounting method	Flush mounted (plaster)		
With display	Yes		
Operation	Button		
With tap water circuit	No		
Contact type	Breaker contact		
Degree of protection (IP)	IP21		
Explosion-proof	No		
Colour	Light white
