

Product name

LAVA-BASIC-1000DM

Item number

39624

Manufacturer

ETHERMA

Product description

LAVA BASIC-DM ceiling Infraredheating panel White 1000W

LAVA BASIC-DM is an infrared heating panel only 22 mm deep, which is suitable for heating both the ceiling and wall and produces infrared heat due to a special magnetic field-free heating element. Unlike conventional heaters, it heats not only the air, but people and objects in the room too. In addition, the devices are ideal for use as complete or zone heating. When installed in suspended ceilings, the panel is fully integrated into the ceiling. Ceiling mounting allows optimal use of space, and also prevents damage to the heater. Available in traffic white RAL 9016, nano anthracite RAL 7016 and in the LAVA BASIC-DM RAL version in all RAL colors and up to 6 power settings (350-1500 W). Fine textured surface, protection class: IP 21, surface temperature: ceiling mounting max. 120 °C/wall mounting max. 95 °C, mounting depth: 52 mm, test mark: TÜV, CE compliant; connection cable: 1 m, 3 x 1.5 mm² without plug and without Plug & Play connection. 230 V.

Technische Details

Model	Radiant panel	Power	1000 Watt
Material housing	Steel	Width	1600 Millimetre
Material heating element	Steel	Height	620 Millimetre
With decorative finish	No	Depth	52 Millimetre
Colour	White	Weight	18 Kilogram
Mounting method	Horizontal/vertical		
Detached	No		
Degree of protection (IP)	IP21		
Protection class	I		
With time switch clock	No		
Digital indication	No		
With presence indicator	No		
Suitable for bus connection	No		
Adaptive (self-learning)	No		
Consumption indication	No		
Open window detection	No		
Operation by app	No		
Programmable with remote control	No		
Number of supported pilot wire commands	None
