

Product name

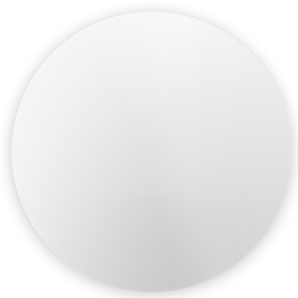

LAVAARCUS-ST-400-W

Item number

40922

Manufacturer

ETHERMA

Product description

LAVA ARCUS Infraredheating wall/ceiling round 74.5cm white 400W

LAVA ARCUS is a circular infrared heating panel with a diameter of 74.5 cm. It is suitable for heating both living rooms and offices and can be mounted on the wall or ceiling. Thanks to its frame-less, discreet design, it blends harmoniously into any room. Due to the round, convex shape, the infrared heating panel achieves maximum radiation coverage in the room and thus ensures even heat distribution - this creates a pleasant, feel-good atmosphere. Available in traffic white RAL 9016, power: 400 W, fine textured surface, diameter 745 mm, protection class: IP 21, surface temperature: max. 120 °C for ceiling mounting, max. 95 °C for wall mounting, mounting depth: 100 mm, CE compliant; connection cable: 1 m, 3 x 1.5 mm² without plug and without Plug & Play connection, 230 V.

Technische Details

Model	Radiant panel	Power	400 Watt
Material housing	Steel	Width	745 Millimetre
Material heating element	Steel	Height	745 Millimetre
With decorative finish	Yes	Depth	100 Millimetre
Colour	White	Weight	6 Kilogram
Detached	No		
Degree of protection (IP)	IP21		
Protection class	I		
With time switch clock	No		
Digital indication	No		
With presence indicator	No		
Suitable for bus connection	No		
Adaptive (self-learning)	No		
Consumption indication	No		
Open window detection	No		
Operation by app	No		
Programmable with remote control	No		
Number of supported pilot wire commands	None
