ETHERMA°
EFFICIENT. ELECTRIC. HEATING.

PRODUCT DATASHEET

Type: CP-1500-Eco
Art. Nr.: 40547

0 912006 139420

Short description
Wi-fi wall radiator with thermostat, white, 117.2x40cm, 1500W

Product Description
An elegant CP eco radiator with front air outlet is used for quick and efficient heating of living spaces. The heaters have electronic temperature control, an on/off switch and are supplied with a plug in the standard version. The radiators can be controlled via Wi-Fi using a free app and are compliant with the Ecodesign Directive. The control is located in the lower right corner of the unit for a more accurate room temperature reading. The connection box for direct connection of the heater is available as an accessory (KB-200). Plug-in cable: 1.5 m, control range: 5-30 °C, device depth: 85 mm, protection rating: IP 24 protection rating: II, certification mark: NEMKO, CE marking, colour: RAL 9010 pure white.

ETIM characteristics

Model	Other	**Heating capacity**	1500 Watt
Mounting method	Wall model	**Supply voltage**	230|230 Volt
Material front	Steel	**Frequency supply voltage**	50|50 Hertz
Grid model	Fins	**Length connection cord**	1.5 Metre
Material heating element	Steel	**Number of switch positions**	1
Air exhaust	Front side	**Temperature adjustment**	5|30 Degrees celsius
With fan	✖	**Differential gap, temperature**	0.1 Degrees celsius
Electrical connection	Connection cable with plug	**Width**	1172 Millimetre
Position control panel	Side	**Height**	400 Millimetre
Suitable for wireless remote control	✔	**Depth**	85 Millimetre
With remote control	✖	**Weight**	4 Kilogram
Power control	Electronic		
Colour	White		
Degree of protection (IP)	IPX4		
Protection class	II		
With overheating protection	✔		
Programmable	✔		
Frost protection circuit	✔		
Digital indication	✖		
With presence indicator	✖		
Suitable for bus connection	✖		
With time switch clock	✔		
Adaptive (self-learning)	✔		
Consumption indication	✖		
Open window detection	✔		
Compatible with Apple HomeKit	✖
